

Transition into school - New Starters

Welcome to the Reception Classes at Islamia Primary School

We are really looking forward to welcoming all our new reception children this year! We can't wait to get to know you and see how you will blossom at Islamia Primary school. We hope this will be the start of a long and happy association between you and our school.

COVID-19

Unfortunately, we are unsure at the moment, what transition into school will physically look like this year, due to the Current COVID-19 situation. However, we promise that we will make the transition as smooth and exciting as possible for our new children! We want to reassure you that we will do our best to keep you informed as we know any more information regarding school opening. Our priority is working together to help your child settle happily in to school life.

We will keep you updated through our website and twitter sites, as well as on our new school app (See Text box at the end)

Welcome Video

As you can't visit our school at the moment we wanted to make a video for you. We hope you can share this with your child to help with discussions about moving on to Reception. We have included staff photos and names, activities the children might do inside and outside as well as other places we felt were important for your child to see.

On the links provided you will find some information which may help you with the transition into school for both you and your child.

Please keep checking this page for new updates!!!!

New School APP

We have launched mySchoolApp to communicate with all parents.

This will replace all text messaging from the school. It includes sending out the weekly Jumu'ah Bulletin and providing you with reminders of key events like live online lessons etc. We will keep you updated as we add more content to the app inshaAllah. To download the FREE app for either Android or Apple devices please click on the buttons above.

On the opening screen please enter 'Islamia Primary School' and then register your details. After that, you will be sent a verification email. Click the link in the email and return to the app. It is recommended that you accept push notifications to enable us to notify you of new messages or events without the need for you to open the app.
